

It's the Great Outdoors to Me

Up on a mountaintop
Down in a valley low
Here in my neighborhood
On my patio

Deep in the forest green
Out on the sea, oh
Anywhere that's out there is great to me!

Wide open spaces,
Tiny little places
It doesn't matter much to me.
As long as it's outdoors,
Got no ceilings or floors,
It's the great outdoors to me!

Down by a riverside
Out in the desert heat
'Round every corner
Right here on my street.

Under the starry sky
Out on the beach, oh
Anywhere that's out there is great to me!

Wide open spaces,
Tiny little places
It doesn't matter much to me.
As long as it's outdoors,
Got no ceilings or floors,
It's the great outdoors to me!

2! 3! 4!

Wide open spaces,

Tiny little places

It doesn't matter much to me.

As long as it's outdoors,

Got no ceilings or floors,

It's the great outdoors to me!

As long as it's outdoors,

Got no ceilings or floors,

It's the great outdoors to me!

It's the great outdoors to....

To me!
