

In the Wild

A lion roars, a bear will growl
An eagle screams, and wolves will howl.
Hyena's laugh, a horse will neigh
A snake will hiss, and hippos bray.
Even in nature the music is clear
Listen to what you will hear -

In the wild
There's a symphony of sound,
In this life all around.

In the wild
There's a symphony of sound....
In the wild!

A dolphin clicks, a fox will bark
Giraffes will bleat, and parrots talk.
A camel grunts, a mouse will squeak
Grasshoppers chirp, and monkeys screech

Even in nature the music is clear
Listen to what you will hear -

In the wild
There's a symphony of sound,
In this life all around.

In the wild
There's a symphony of sound....

In the wild
There's a symphony of sound,
In this life all around.

In the wild
There's a symphony of sound..
